

Dr. Arne Bathke has recently received a promotion to associate professor of statistics in the College of Arts and Sciences. He received a doctorate degree in mathematics from the Universität Göttingen in 2000. Dr. Bathke's methodological research focuses mainly on nonparametric statistics, empirical likelihood, multivariate statistics and asymptotic methods. He has been working on collaborative projects with researchers in fields such as biology, communications, injury prevention, plant sciences and equine research. And, he enjoys teaching!
